CALFED Bay-Delta Program
Subject: Summary of Category III Proposals Received

For your information we have attached a summary of the proposals we received in response to the 1997 Category III Request for Proposals. This is an update of the summary mailed last month. This summary includes only the formal proposals, not the inquiry submittals.

We received a total of 332 formal proposals totaling approximately \$471 million. The attached summary describes the distribution of proposals by type of applicant, project type, dollars requested, watershed, habitats, species, and stressors. Many proposals address multiple species, stressors, habitats, and even watersheds. Therefore, for those four categories we did not identify a primary single attribute. Consequently, the totals for these four categories exceed the actual dollars requested and proposals submitted.
